

Farewell to Nova Scotia

Chorus

Verse

Finish with Chorus. Repeat last line of chorus about half speed.

It starts on the chorus --

“Farewell to Nova Scotia...”

after each chorus, we play the lick to extend it by two bars (or whatever Alf needs, you’ll hear it).

	VERSE	CHORUS
2	“The sun was setting in the west...” fiddles play quietly.	All play chorus + lick
3	“I grieve to leave my native land...” fiddles play quietly.	All play chorus + lick
4	“The drums they do beat...” fiddles play quietly.	All play chorus + lick
5 + End	“I have four brothers, they are at rest...” fiddles play quietly.	End with a chorus, maybe two – listen and go with the flow. The guitar plays the final ending chord – fiddles don’t do that – end softly with the guitar.
